The Slovenian national airline Adria Airways has a wealth of experience spanning 46 years in charter and scheduled air traffic. The majority of Adria's business is in scheduled flights, our network links Ljubljana with more than 25 cities throughout Europe. In December 2004 Adria was accepted as a regional partner into the strongest strategic airline grouping, Star Alliance, which demonstrates that we are a reliable and high-quality carrier. In this way we have also clearly set out our business model as a network carrier offering global services.
